## BOARD OF DIRECTORS

Board members are responsible for setting policies, development of the strategic plan, reviewing and approving the annual budget and overseeing the progress of the Credit Union. Due to the efforts of the elected Board of Directors, your Credit Union has remained true to what being a financial cooperative is all about, demonstrating the "people helping people" spirit. In this spirit, they were able to declare not only a 4% interest rebate this year, but also a bonus dividend and keep the scholarships level at 10/\$500 each. They have defined a course to keep your Credit Union strong; continually striving to improve the products while maintaining a high quality of service to our valued members. Your Board consists of nine volunteer members, each elected to a three-year term. The board members are responsible for setting policies, development of the strategic plan, and reviewing and approving the annual budget. We truly appreciate their time and efforts!

## TREASURER'S REPORT:

The Asset/Liability Management Committee and your Board of Directors worked diligently during 2015 to form a monthly plan of action that offered the very best dividend and certificate rates to our membership without causing a landslide of funds deposited into the Credit Union. Bringing in new money without the probability of lending would cause a negative effect on our savings and certificate rates. The rates are reviewed and discussed monthly by both the Asset/Liability Committee and the Board of Directors.

If you recall, we raised our dividend rates on 12/31/2014 and we also gave out a bonus dividend at the end of 2015. The rates for the 24 and 36 month certificate were raised in 2015. I wish to thank our members who patiently waited as we reduced our dividend and certificate rates over the previous two years.

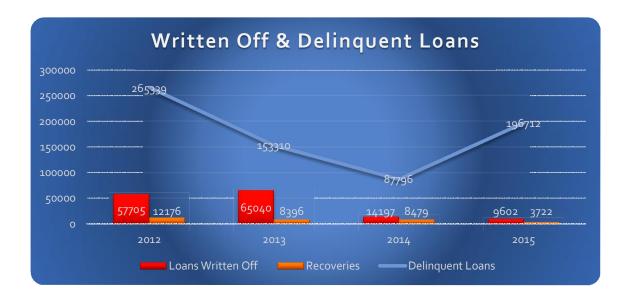

During 2015 our equity increased by \$119,448. Our equity ratio increased from 10.79% to 11.47%, which exceeds our goal of 10.5%. During the year, we wrote off four loans totaling \$9,602. We recovered \$3,722 on loans previously written off. We anticipate writing off less than \$30,000 in loans in 2016 due to bankruptcies, repossessions and foreclosures. We have already budgeted for this, our loan loss account is adequately funded to cover these potential losses. Our loan to asset ratio increased from 45.38% to 50.76%. For the last two years we have had an increase in our loans. Unfortunately, our delinquent loans increased from \$87,796 at the end of 2014 to \$196,712 at the end of 2015. The delinquent loan ratio increased from 0.72% to 1.47%.

Goals for this year are:

- 1. Continue to explore ways to increase our loans.
- 2. Maximizing efforts toward getting and keeping our delinquent loan ratio below 1%.
- 3. Continuing the tradition of funding the loan rebate, bonus dividend and scholarship programs.

Treasurer of the Board

# SAFEGUARDING YOUR ASSETS

Last year, your Supervisory Audit Committee employed the audit services Schmidt & Associates. They are a CPA firm located in central Ohio, with over 65 credit unions in the Midwest as their clientele. They conducted an opinion audit of the records of the Credit Union as of December 31, 2015. Their letter is included with this annual report. Mrs. Carol Stoodt of Bellefontaine, Ohio will continue to conduct the annual verification of member's statements in October of 2016. Finally, the Credit Union's financial statements and operational procedures are audited each year by the Ohio Division of Financial Institutions. This audit fulfills the regulatory requirements of the State of Ohio. The results of this audit are also reviewed by the National Credit Union Association. Lastly, your Supervisory Audit Committee rounds out our audit "team". The Supervisory Audit Committee, although appointed by the Board of Directors, works independently of the Board to ensure that all the records are accurately and properly reported. They fulfill this obligation by monitoring and auditing the activity of the management in various areas and by reporting their findings monthly directly to the Board of Directors. We truly appreciate all their time and efforts.
